- Time Management
- Leadership
- Effective Communication
- Problem Solving
- Adaptability

TECH SKILLS

- Python
- Excel
- SQL / MySQL (learning)
- Power BI (learning)
- Data Structures & Algorithms (learning)
- Java (basic/intermediate)
- Data Science (currently pursuing)

LANGUAGES

- English
- Hindi
- Marathi

PROFILE

Aspiring Data Science enthusiast and Computer Science undergraduate with a strong interest in data analysis and data-driven decision-making. Along with analytical skills, I have experience in content creation, graphic design, and video editing, enabling clear and engaging presentation of insights. Seeking an internship to apply and grow my analytical and creative skills using real-world data.

EDUCATION
